About me

My name is Meshack Nkosi, I recently graduated with a qualification in information Technology. I am confident that I can do what is expected of me to accomplish. I am willing to work and learn in the field of technology.
I consider myself reliable, commercially aware, self motivated, resilient, and a work-in progress person, which means that I still have a lot to learn.

Theses are the software tools I am currently familia with : Android Studio, Visual Studio, Figma, Adobe XD and Illustrator for mobile/web applicaiton design..

Personal skills

Sociability

Punctuality

Creativity

Positivity

Professional Skills —

Junior Flutter developer

Junior Java programming

GItHub/ Git

MySql

Computer, Network troubleshooting

Microsoft 365

Providing user support

IT Administrator

Support

Telephone management system with third party

Multi functional printers and Multi functional

authentication with microsoft

Education

Diploma in IT
Vaal University of Technology

Major in Software development
Minor in Business analysis

Software Development
Applications testing
Programming logic, Business analysis, information Systems, System software, IT Law, Communication skills
